The advisory opinion issued by the Connecticut State Elections Enforcement Commission seeks to weaken our hard-won campaign finance laws that have contributed to a steep decline in corruption in Connecticut. Please negate it with your ruling later this month. It's important that outside spending not influence our state elected officials and their duty to serve the people of Connecticut.

I am disgusted that the Koch brothers have an office of ALEC (American Legislative Exchange Commission) right here in Hartford. I am deeply opposed to everything the disgusting, greedy Koch brothers stand for, including suppression of voter rights, pouring unlimited dark money into our campaigns and actually having the effrontery to try to write the laws of Connecticut.

Connecticut passed excellent campaign reform laws and I want them upheld. It is important that the Connecticut State Elections Enforcement Commission's Advisory Opinion of February 2014 be negated.
