Dear Mr. Cashman -

In a telephone conversation earlier today, you clarified that if a member of Democracy Rules suggests a trustee that Democracy Rules wishes to add to the options available to its members, Democracy Rules will not add that trustee until a subsequent presentation cycle. Please either confirm the accuracy of this statement or correct it.

We would appreciate your response by email. Your response may be considered to be a supplement to your advisory opinion request; if so, it will be posted as such on the Commission's website.

Sincerely,

Tony Buckley  
Attorney, Policy Division
